- Quick Release VESA Plate
- 8KG Capacity Per Screen
- VESA 75mm x 75mm or 100mm x 100mm
- Integrated Cable Management

The precision engineered Excalibur Dual Monitor mount is a high performance, ergonomic solution designed to support two screens up to 8Kg. The built-in gas spring allows for smooth and accurate adjustment enabling you position your monitors perfectly. Flexible tilt, pivot and swivel functionality allows you to position screens anywhere in the 3D space. Moreover, the product incorporates a quick-release VESA plate which makes installation and maintenance a breeze. Integrated cable management keeps the entire arm looking tidy and presentable.
